

5 Special Offers on Auto Lensmeters, IRS Focimeters, Near Vision Test Screens Digital PD Meters & Portable Focimeters

+ FREE UK MAINLAND DELIVERY WITH EVERY PURCHASE*

Auto Lensmeter

Special Price £899.95

Normal Total Price: £999.95

FREE DELIVERY*

Save £100

Offer Ref: LS411

The LS411 Auto Lensmeter automatically recognizes single and progressive lens. Due to the design being based on Hartmann Sensor technology this equipment is able to simultaneously measure 108 points resulting in a fast, reliable and accurate measurement .

As well as a built in UV tester there is an adjustable 14cm screen, an LCD touch display screen, an easy to load built in printer, and a robust aluminium storage/carrying case.

Range of Measurement

- Sphere: 0 ~ ±25D (0.01, 0.12, 0.25D steps)
- Cylinder: 0 ~ ±9.99D (0.01, 0.12, 0.25D steps)
- Axis: 0 ~ 180° (1° steps)
- Add 0 ~ +9.99D 0.01/0.12/0.25D steps
- Prism degree 0 ~ 15Δ (0.01, 0.12, 0.25Δ steps)
- Cylinder +, +/,-
- Prism X-Y, P-B
- Measuring mode Single/progressive/automatic recognition

Specification

- Diameter of lens Ø ~ 108mm
- PD 45 ~ 90mm, 0.5mm steps
- Speed 0.1S
- Size: 37.2cm [H] 16.1cm [W] 22.2cm [D]
- Weight: 5 kg

Focimeter IRS Deluxe (Target)

Special Price £289.95

Normal Total Price: £319.95

FREE DELIVERY*

Save £30

Offer Ref: LS118A

The LS118A focimeter has been very popular for many years due to its reliability and precision when measuring for spherical lens dioptre, cylindrical lens dioptre, cylindrical lens axis of astigmatism, prism dioptre and cornea contact lens dioptre.

Main Technical Information

- Internal system with prism compensator with 360° prism axis line
- +/- 25D range of measurement
- Lens diameter 7mm-80mm
- Astigmatism axis angle of cylindrical lens : 0 ~ 180° minimum scale value 1°
- Prism dioptre 0 ~ 20cm/m. Minimum scale value 1cm/m
- 3 prong easily adjustable lens holder for high powers
- Free bottle of red ink (normally £9.95)
- Battery power pack can be provided at an additional cost £24.95
- Size: 45cm [H] 15cm [W] 28cm [L]
- Weight: 5 kg

Portable Lensmeter

Special Price £99.95

Normal Total Price: £129.95

FREE DELIVERY*

Save £30

Offer Ref: LS412

- Comes in a robust case with fitting groove on external cover, batteries, and electrical fitting with UK plug adaptor
- Sphere measure -0.15D to +15D
- 0.125D steps from 0 to +10.00D
- 0.25 steps from +/-10.00D to +/-15.00D
- Cylinder measure 0 to 180° in 0.50 degree increments
- Prism measure 0 to 4 prismatic dioptres Δ
- In 1 Δ steps
- Size: 15.6cm [H] 11.5cm [W] 3.2cm [L]
- Weight: 0.40 kg

Near Vision Test Screen with Remote Control

Special Price £129.95

Normal Total Price: £149.95

FREE DELIVERY*

Save £20

Offer Ref: LS116

- Will test most aspects of near vision
- Enables a complete refractive & binocular vision investigation to be carried out
- Polarized filter also provided
- Free set of batteries for remote control & screen provided

Digital Pupil Distance Meter

Special Price £139.95

Normal Total Price: £160

FREE DELIVERY*

Save Over £20

Offer Ref: LS117

- Precision optical instrument to measure distance between pupils
- Single eye or both eye measurements
- Results accurate to within ≤ 0.5 mm
- Range of measurement binocular pupillary distance: 45 to 82mm left or right pupillary distance: 22.5 to 41mm
- Auto shut off 1 minute or manual switch off
- Batteries & instruction book included
